

# SIPAT Membership & Donation Form

## ANNUAL DONATION "UNFUNDRAISER"

In order to provide the CCE community with programs that directly benefit our children SIPAT asks CCE families for direct donations. A donation of \$150 from each family will guarantee full funding for our current programs. Some families will be able to give less and some more — **any donation is appreciated**. We know we can count on you to help us fund the unique and high-quality programs CCE offers.

\_\_\_\_\_ Yes! I would like to make a tax-deductible donation to SIPAT.

## MEMBERSHIP DUES

Join with fellow parents to create your school's PTA – what we at César Chávez Elementary call **SIPAT** (Spanish Immersion Parents and Teachers). Parents, teachers and administrators meet, discuss and act together, speaking for every child and all children. Members of SIPAT have voting rights. We organize under one voice to promote our children's best interests, set a lasting example of volunteering for great causes and leadership, and create opportunities to make a difference. We are advocates for education, support and hope. SIPAT provides opportunities for every individual to participate.
